

PARKD AWARDED CONSULTING CONTRACT WITH ST JOHN OF GOD PRIVATE HOSPITAL

Highlights

- PARKD has been awarded project management works with St John of God (SJOG) private hospital
- The contract requires PARKD to employ consultants and construction partners to prepare technical reports and construction advice
- PARKD engage with Tier 1 building contractor Built NSW Pty Ltd to assist with the project deliverables

PARKD Ltd (“PARKD” or the “Company”) (ASX:PKD) is pleased to announce that it has secured further consulting works for SJOG to project manage the delivery of construction cost and programming advice for the development of a multi-level car park at their Murdoch Campus. The contract fee for this work totals approximately \$106,000 and will be delivered in the next **five** weeks. The contract terms and conditions are industry standard for a contract of this nature.

The contract follows the preliminary feasibility works prepared by PARKD in February 2021 and responds to the needs of the hospital for an efficient low disruptive solution to increase the amenity of parking on the hospital site.

In the delivery of the consulting works, PARKD will be engaging consultants and key construction partners to prepare cost and program advice to assist the hospital with decisions around operational planning and budgeting for the potential future development.

PARKD has engaged a Tier 1 building contractor Built NSW Pty Ltd who will be assisting with construction cost and programming advice for the Project.

PARKD’s CEO and Executive Director, Peter McUtchen, commented: “We are delighted with our further engagement in this second stage of works to develop a solution based on the PARKD Car Park System” He went on to say: “The critical operational demands on parking and access at hospitals really highlight the need in the market for a solution that utilises modern methods of construction to minimise disruption and maximise the sustainable outcomes for the hospital”.

This announcement has been approved for release by the Board of Directors.

ABOUT PARKD LTD

PARKD has intellectual property rights to aspects of an innovative lightweight concrete “modular” car parking system. The modular aspect of the system and the minimising of structural weight provides the ability to relocate the car park or adapt it to parking demands by adding or subtracting to the structural levels of the car park. The PARKD Car Park System is currently designed for single or multi rise arrangements of up to 6 levels including ground level. The PARKD Car Park System is prefabricated offsite with the potential to reduce construction time, cost and site disruption when compared to traditional construction methods.

ABOUT BUILT NSW PTY LTD

Proudly Australian and privately owned, since 1998. Built has grown to be a national diversified general contractor and one of Australia’s largest private construction groups. We’ve built our reputation on being the most responsive, client focused partner in the industry with extensive Tier 1 and large corporation experience.

We have over 1,000 employees located in our offices in Sydney, Melbourne, Brisbane, Adelaide, Canberra, Perth, Newcastle & Hunter Region, Auckland and the United Kingdom.

We work across all major property sectors including commercial office, retail, residential, hotels and hospitality to health and aged care, education, government and transport. Our core areas of operations are Construction and Fitout & Refurbishment which represent 50% of our business respectively.

Built also has established a track record in delivering high quality developments. With an experienced construction team in-house, we specialise in working in joint venture with partners and stakeholders to unlock opportunities.
