

QUARTERLY ACTIVITIES REPORT - APPENDIX 4C Quarter ended 31 March 2022

PERTH AUSTRALIA, 29 April 2022: PARKD Ltd (“PARKD” or the “Company”) (ASX: PKD) lodges the attached Appendix 4C Quarterly Cashflow Report for the 3 months period ended 31 March 2022 and provides the following update on its activities for the quarter.

This quarter saw the company achieve significant milestones for its two key contracts with both the commencement of construction works in Victoria Park for John Hughes and the receipt of both Planning Approval and conditional Building Licence at the Kewdale Central Project for the Coxon Group.

Other significant achievements in the quarter include the commencement of paid technical design works for a new car dealership, retail centre parking expansion in Melbourne Victoria, and at a potential development site in Perth. In addition the company signed an agreement with one of Australia’s largest hospital infrastructure funds, International Parking Group, to work together in pursuit of a project in Dunedin in New Zealand.

The construction project with John Hughes has progressed to Stage 2 construction activities following the completion of Stage 1 design works in February. This project will deliver approx. 1800m² of mezzanine structure within an existing warehouse in inner-city Victoria Park and demonstrates the flexibility of the PARKD System and technical solutions in a specialised sector of the construction market.

The technical solution will deliver John Hughes Group with a versatile storage mezzanine area that will transform the former warehouse into a more flexible commercial and operational space.

The design and construction project with Coxon Group for the delivery of a 3 storey car park and commercial building has progressed with the project Planning Application being approved by the City of Belmont. The works completed to date represent a significant investment by the Coxon Group to enhance the amenity and function of the Kewdale Central Commercial precinct and PARKD will now complete the Stage 1 works with the delivery of manufacturing shop drawings in preparation for construction works which is expected to commence Q2 2022. The Stage 2 formal construction contract is being negotiated.

ASX Release

Net operating cash outflows for the quarter totalled \$147,000 and the Company's cash reserves at 31 March 2022 was \$974,000. Revenue for the quarter comprised fee income for technical services provided to various clients and progress claims in the quarter on the John Hughes and Coxon Projects. Expenditure for the quarter consisted of general project, administrative and compliance costs that were consistent with the Company's stated business objectives.

With regards to item 6.1 of the Appendix 4C totalling \$74,000, the Company advises that it consisted of salary and superannuation payments to directors with the exception of the Chairman who forgave his remuneration during the quarter.

This announcement has been approved for release by the board of directors of PARKD Limited.

ABOUT PARKD LTD

PARKD has intellectual property rights to aspects of an innovative lightweight concrete "modular" car parking system. The modular aspect of the system and the minimising of structural weight provides the ability to relocate the car park or adapt it to parking demands by adding or subtracting to the structural levels of the car park. The PARKD Car Park System is currently designed for single or multi rise arrangements of up to 6 levels including ground level. The PARKD Car Park System is prefabricated offsite with the potential to reduce construction time, cost and site disruption when compared to traditional construction methods.
