## QUARTERLY ACTIVITIES REPORT - APPENDIX 4C Quarter ended 30 June 2022

PERTH AUSTRALIA, 29 July 2022: PARKD Ltd ("PARKD" or the "Company") (ASX: PKD) lodges the attached Appendix 4C Quarterly Cashflow Report for the 3 months period ended 30 June 2022 and provides the following update on its activities for the quarter.

In this quarter the company achieved substantial completion of its project in Victoria Park Perth for John Hughes Group on time and within budget and saw the completion of manufacturing drawings for the construction of a ground + 3 storey mixed use multi-level car park and commercial office in Kewdale, Western Australia for the Coxon Group.

The construction project with John Hughes reached substantial completion during this quarter following the commencement of site works in February and assembly of the structure in June. Substantial completion includes all works associated with the physical use of the structure with fit out items left to complete to achieve practical completion which is anticipated to be achieved in July.

Achieving substantial completion on the project represents a significant moment in the commercialisation of PARKD's IP and value to the industrial commercial property sectors.

This project will deliver approx. 1800m<sup>2</sup> of mezzanine structure within an existing warehouse in inner-city Victoria Park and demonstrates the flexibility of the PARKD System and technical solutions in a specialized sector of the construction market.

The technical solution will deliver John Hughes Group with a versatile storage mezzanine area that will transform the former warehouse into a more flexible commercial and operational space.

The Coxon Group Kewdale Central Commercial project has progressed with the completion of manufacturing shop drawings in preparation for construction works which is expected to commence Q3 2022.

Other significant achievements in the quarter include the delivery of paid technical design works for a second Automotive Dealership in Myaree W.A. for Audi Centre Perth, Design Approval has been received from the Melville Council and it is expected construction will commence in the 4<sup>th</sup> Quarter 2022.

Net operating cash outflows for the quarter totalled \$85,000 and the Company's cash reserves at 30 June 2022 was \$889,000. Revenue for the quarter comprised fee income for technical services provided to various clients and progress claims in the quarter on the John Hughes and Coxon Projects. The Company received a R&D tax incentive rebate in the quarter of \$184,000. The rebate relates to the costs of R&D activities undertaken by PARKD during the 2021 financial year which qualified as eligible R&D expenditure under the Federal Government's R&D Scheme.

Expenditure for the quarter consisted of general project, administrative and compliance costs that were consistent with the Company's stated business objectives.

With regards to item 6.1 of the Appendix 4C totalling \$65,000, the Company advises that it consisted of salary and superannuation payments to directors with the exception of the Chairman who forgave his remuneration during the quarter.

This announcement has been approved for release by the board of directors.

## **ABOUT PARKD LTD (ASX: PKD)**

PARKD has intellectual property rights to aspects of an innovative lightweight concrete "modular" car parking system. The modular aspect of the system and the minimising of structural weight provides the ability to relocate the car park or adapt it to parking demands by adding or subtracting to the structural levels of the car park. The PARKD Car Park System is currently designed for single or multi rise arrangements of up to 6 levels including ground level. The PARKD Car Park System is prefabricated offsite with the potential to reduce construction time, cost and site disruption when compared to traditional construction methods.
